#### **4. Auction Conduct**

4.1 Any Lot may be subject to a minimum bid or reserve price. The Seller is entitled to change these at any time before the conclusion of the Sale.

4.2 The Seller, Auctioneer or any representative, agent or person acting on behalf of the Seller may Bid for any Lot. Persons entitled to Bid pursuant to this condition shall be entitled to place Bids on any Lot up to the reserve price including placing Bids in response to other Bidders.

4.3 Lot descriptions are given as guidelines only. No warranty or guarantees are offered or implied by the Seller, the Company or the Auctioneer. Bidders are advised to inspect and evaluate the lot themselves prior to bidding. Bidders are advised to read Lot descriptions, in association with inspection, before making a Bid so that they are fully aware of any amendments to the description appearing in the Special Conditions and/or on the Website or in the Catalogue in relation to a particular Lot.

4.4 The Auctioneer may at any time before the conclusion of the Sale withdraw or divide any Lot or combine any Lots.

4.5 The Company may sell any Lot before or after the Auction. The Auctioneer may reject any Bid at his sole discretion and without being required to give a reason.

4.6 No Bid shall be retracted without the consent of the Auctioneer.

4.7 The Auctioneer may where there is a dispute between Bidders, summarily determine the dispute or immediately again offer the Lot for sale, in each case without being required to give a reason.

4.8 The Auctioneer shall in every other respect decide how the Auction is to be conducted and without being required to give a reason.

4.9 The Auctioneer may in his sole discretion delegate to a person whom he believes to be competent the conduct of the Auction in accordance with these General Conditions.

4.10 The Auctioneer may from time to time act jointly with an associated Auctioneer who will be named in the Catalogue and/or in the Special Conditions.

4.11 A Sale is concluded (constituting acceptance of the Bidder's offer, subject to General Condition 4.12 below) when:

4.11.1 in the case of a Live Auction, on the fall of the Auctioneer's hammer; and/or,

4.11.2 in the case of an Online Auction, at the close of the timed Online Auction Sale, as specified on the Website, and as defined by General Condition 4.17.3 below or;

4.11.3 in the case of a Private Treaty or Tender, when the Bidders Bid is accepted such acceptance to be communicated to the Bidder by way of an invoice from the Company.

4.12 The Buyer shall be the person who made the highest Bid at the conclusion of the Sale pursuant to General Condition 4.11 above subject to approval and acceptance by the Company, the Auctioneers and the Seller, or such other Bidder as the Auctioneer and/or the Company may declare to be the Buyer without being required to give a reason. The Auctioneer and/ or the Company and/ or the Seller is not bound to accept the highest Bid or any other Bid placed in the course of the Auction.

4.13 In the case of an Online Auction the Buyer, as determined under General Condition 4.12 above, shall within a reasonable time after the conclusion of the Sale receive by email an invoice in respect of the monies due for the Lot(s) purchased.

4.14 In the event that the reserve price is not met, the Company may consider the Bids received below the reserve price with the Seller who at its sole discretion may accept, reject or place a counteroffer.

4.15 On conclusion of the Sale and acceptance of the Bidders Bid pursuant to General Conditions 4.11 and 4.12 above, the Buyer acknowledges and agrees that he has entered into a contract with the Seller to buy the Lot and the Buyer must complete the transaction to purchase the Lot.

4.16 The Buyer may not remove any Lot he has bought until after the end of the Auction.

4.17 In relation to an Online Auction:

4.17.1 the Company cannot guarantee that the internet services will operate continuously or without interruptions and this could affect the conduct of the Online Auction and the Bidders ability to Bid. The Company shall not be liable in any respect in the event of any dispute due to errors, omissions or disruptions to internet services or power failures or any other unforeseen circumstances which may occur during the Online Auction;

4.17.2 the Auctioneer may at any time, without notice, postpone or cancel an Online Auction or extend an Online Auction beyond the published closing time (including extension of the timed Online Auction in accordance with General Condition 4.17.3 below);

4.17.3 Timed Online Auctions are auto bid extension enabled whereby the original scheduled close of the timed Online Auction will automatically be extended when competing interest is active. This continues until there are no more Bids. Such time shall then be deemed to be the close of the timed Online Auction.

4.18 In the event that the Auctioneer unknowingly sells a Lot that was not eligible for Sale (i.e. there is a third party interest that comes to light) then the Auctioneer shall be entitled to immediately rescind that Sale without any further liability to the Auctioneer and/or Company or the Seller.

4.19 Copies of the Auctions (Bidding Agreements) Act 1927 and 1969 are held at the Company's and/or the Auctioneer's principal place of business.
